

# IR SAUNA KITS 2023

# SPECTRUM PLUS™

## SPECTRUM CARBON

Each heater is crafted with clear grade Canadian Cedar utilizing non-toxic materials. UL listed Spectrum Plus™ models were specifically engineered to withstand the harsh environments of traditional steam saunas without breaking down causing premature failure like Carbon heaters.

### ▲ SPECTRUM PLUS

Model **SP250**

Power **250w**

Price **\$479**

Price **\$399**

Model **SC300**

Power **300w**

Price **\$409**

Model **SC350V**

Power **350w**

Price **\$429**

# SPECTRUM PLUS™ IR KITS

Spectrum Plus™ infrared heaters are built for deep penetrating heat producing both mid and far infrared. Each heating coil is UL listed and specifically engineered to work in combination with a traditional heater. A stainless steel reflector is used to maximize a full 360 degree infrared experience. Clear grade western Canadian cedar frame.
